Where we store your personal data

Our membership database is accessed by appointed members of the committee who use a third party processor.

Use of data processors

Data processors are third parties who provide a service. We only use Mailchimp as a third party processor and have a contract in place with them to provide that service. This means that they cannot do anything with your personal information unless we have instructed them to do it. They will not share your personal information with any organisation apart from us. They will hold it securely and retain it for the period we instruct.

How long is the information retained for?

The payment and gift aid data we hold is only for the duration of your membership after which time your data is securely destroyed. We will continue to process your contact information to send you news of about [The Chesham Society](#) and partners until you opt out from receiving it.
